Saturday May 22, SPY RING LECTURE. 10am. Southold Historical Society is pleased to offer a virtual presentation related to the new book, George Washington's Long Island Spy Ring, by Bill Bleyer. Want to learn more about the Revolutionary War spy ring that contributed to the success of George Washington's Continental Army? People like Robert Townsend and Abraham Woodhull played an important role in the Long Island based Culper Spy Ring. Bill Bleyer's PowerPoint lecture "The True Story of the Culper Spy Ring" separates facts from fiction and details the ingenious operation of the intelligence network that helped the Patriots win the war. The free virtual lecture will be held via Zoom. Attendees are asked to register at <https://www.southoldhistoricalsociety.org/upcoming> or directly at https://us02web.zoom.us/webinar/register/WN_1KE3Uy33QU6y0VLDJER-Pg. Registrants will receive a confirmation email containing information about joining the webinar.

Bill Bleyer was a prizewinning staff writer for *Newsday*, the Long Island daily newspaper, for thirty-three years before retiring in 2014 to write books and freelance for the newspaper and magazines. He is coauthor, with Harrison Hunt, of *Long Island and the Civil War* (The History Press, 2015). He is the author of *Sagamore Hill: Theodore Roosevelt's Summer White House* (The History Press, 2016); *Fire Island Lighthouse: Long Island's Welcoming Beacon* (The History Press, 2017), and *Long Island and the Sea: A Maritime History*, (The History Press 2019). For more information on this event or any other society programs, please call (631) 765-5500 or email info@southoldhistorical.org.

Works are due by Tuesday, June 1st: A CALL FOR ARTISTS. Submit your artwork for the museum's online fundraising exhibit: Ten Squared: Summer Solstice. In this non-juried exhibition, artists are invited to submit pieces that are exactly 10" x 10" including frame. Each work will be sold for \$100, half of which will benefit Southold Historical Society. The online exhibit and sale will begin on the summer solstice, June 20 and continue through July 31st. HAMPTONS OBSERVATORY ZOOM LECTURE

TUESDAY, JUNE 8

www.HamptonsObservatory.org • email HamptonsObservatory@gmail.com

Hamptons Observatory would like to announce a very important lecture by Andy Lawrence, an author and the Regis Professor of Astronomy at Edinburgh University:

"The Sky: Why It Matters and How We Might Lose It."

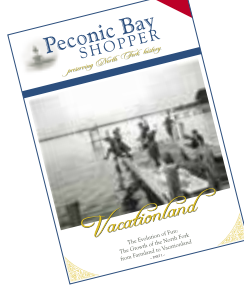

It's tempting to think of Astronomy as beautiful but useless. It is indeed beautiful - the sky and its mysteries enchant, intrigue and inspire us - but it is far from useless. Study of the sky has played a key role in human culture, economy, technology and science. For good or ill, it is part of the modern industrial-technological-military complex. But today our view of the sky, and our potential to study the universe, is being horribly damaged - by light pollution, by annexation of the sky by streaking satellites, and by rapidly worsening space debris. Prof. Lawrence will try to explain what is going on, and what we can do about it.

Andy Lawrence is the Regius Professor of Astronomy at the University of Edinburgh. He is an expert on Quasars and Active Galactic Nuclei, and has also spent many years working on Survey Astronomy - mapping the Universe at every wavelength from far-infrared to X-rays. He is author of the book, "Losing the Sky."

Hamptons Observatory extends its appreciation to Prof. Lawrence for generously taking the time to share his expertise and to SoFo for its kind collaboration on this program.

Tickets are free but limited. If two or more people will be watching the event together (sharing the same screen), only one person needs to register. If after you register you find you are unable to attend, please cancel your reservation so someone on the wait list can attend. Thanks! TO REGISTER:

Established in 1978, the PBS has provided historical photos and stories by local authors about places, people and events from past decades for over 40 years. Our goal is to help record and preserve North Fork history.

Local residents can enjoy a look at the past (many who grew up locally can "remember when") and visitors can see where to shop, eat or find a service provider. From May through December a centerfold map guides tourists to stores, eateries and services. A Calendar of Events is also a part of every issue, with free listings for local organizations. In addition to issues being available in local stores, pdfs of recent issues can be found at www.academyprintingservices.com

THE GREAT ROTARY LOBSTERFEST SATURDAY, JULY 31

The LobsterFest is the perfect event for families, friends, singles, and couples, at the Greenport School, Main Road, Greenport. The combined efforts of two Rotary Clubs, Greenport and Southold, have made this fundraiser one of the most popular happenings for over 3 decades. Funds raised from this affair enable the Rotary Clubs to continue supporting local charitable organizations, awarding scholarships, and helping families in need.

In 2020, due to Covid challenges, LobsterFest organizers reimagined the seaside picnic-style party and reinvented it to be a wildly successful, hands-free, Covid compliant event. The health and safety of all serving volunteers and dining patrons was first priority. Thus, the same format will be replicated this year.

Tickets prices: \$55 per adult dinner, \$5 per child hot dog dinner. Available on line at: www.GreenportRotary.net. This year's LobsterFest will have the addition of free raffle tickets to all adult diners and a chance to win \$1000, gold earrings, or two tickets to LobsterFest 2022. For additional information or help with ordering on line, call: George Marsich – (631)905-8194 or Roger Satnick – (631) 765-1061.

A teacher's supernatural level of patience in a classroom overflowing with students is the topic of this entertaining picture book. What to expect: counting, humor, metamorphosis and racial tolerance which is soo "Au Courant".

When Spiderville is designated a Sanctuary City, Insect Elementary is in desperate need of more teachers to accommodate the sudden increase in the student body. Enter Miss Centipede, and no matter how large the fourth grade grows, she handles the workload with ease. What is her secret?

About the Author

C.P. Wilson has lived in many states within the continental U.S. She's lived in urban and suburban areas and knows the feeling of being the new kid in town and school. For many years, Wilson was a teacher and enjoyed instructing and working with children. CP is now a licensed realtor on the East End of Long Island, a career that allows her to work with people of all ethnicities, which she loves. Wilson now lives with her family, doggies, and kitties on a farmette in New York. She enjoys gardening, arts, and sports.
