Frankie Neptune, "Graffiti: Washington Square Arch," 1979

ART EXHIBIT SATURDAYS THROUGH MARCH 16

SOUTHOLD, NY--Pseudonym, an exhibition of paintings, collage, photography, and the written word by a group of fictitious artists who nevertheless take their work very seriously is currently on view Saturdays from 12:00-2:00 PM until March 16, 2019 at Glen Hansen Studio, 1560 Youngs Avenue, Southold, NY. There will be a closing party on Sunday March 17, 2019, from 2:00-5:00 PM. Additional appointments can be made until March 17, 2019.

PARTICIPATING ARTISTS:

Lucy Dewitt is the creation of an artist most known for decades of working within the arena of landscape painting.

Hans Gelb is an abstract painter created by an artist with a long career of making hyper-realist representational paintings, often of famous buildings and facades in New York City.

Frankie Neptune, well Frankie is just happy to still be alive after 20 years as a New York City cop during the 80s and 90's and his photographs often carry the grit of that experience.

JD Plummer writes under a pseudonym he wishes to remain undisclosed, but is also a pseudonym himself so no one is really sure of who he is. Either way, he writes with a poetry and irony that can be both tragic and comic. The artists may or may not be present at the opening.

For further information or to make appointments please contact:

Adopt Love!

O R E O
 This 3-year-old spunky male wants nothing more from Santa than a home of his own. He's very friendly and outgoing. Oreo's got a lot of energy – as most youngsters do, but he really wants to please his people. Come down to the shelter to meet him!

This sweet stripy kitty does great with other cats. The neutered cutie is 5 months old and loves snacks and sleeping in the sunshine. He's as beautiful as he is stealthy and relishes a rousing game of feather toy or robo-mouse.

Montauk Observatory Inc. (est. 2005) is a publicly supported NYS 501(c)(3) nonprofit dedicated to fostering interest in science on the south fork of Long Island. To that end, we hold frequent lectures and other events throughout the towns of the east end. Our events are made possible through the kind cooperation of other nonprofits, which donate their venues for our programs. We are also in the process of establishing an astronomical observatory (adjacent to the Tennis Center at the Ross School in East Hampton) that will be accessible over the internet to students, teachers, researchers and you. We strive to offer our programs free of charge, but are always grateful for donations to support our work. Donate at www.montaukobservatory.com/donate.asp through Paypal or with a credit card, or contact Donna McCormick, Executive Director at the email address above. http://
