Our June *Peconic Bay Shopper* had these two photos of “Benesta Lodge” on the cover. This beautiful home stood on the south side of the North Road in Greenport. It was torn down in the 1990s.

We asked our readers for any information and received information from 3 readers with a promise of some photos. If anyone else can step forward with remembrances or information we would love to hear from you. Watch for a follow-up story in a future issue.

THE GREAT ROTARY LOBSTERFEST SATURDAY, JULY 31

The LobsterFest is the perfect event for families, friends, singles, and couples, at the Greenport School, Main Road, Greenport. The combined efforts of two Rotary Clubs, Greenport and Southold, have made this fundraiser one of the most popular happenings for over 3 decades. Funds raised from this affair enable the Rotary Clubs to continue supporting local charitable organizations, awarding scholarships, and helping families in need.

In 2020, due to Covid challenges, LobsterFest organizers reimagined the seaside picnic-style party and reinvented it to be a wildly successful, hands-free, Covid compliant event. The health and safety of all serving volunteers and dining patrons was first priority. Thus, the same format will be replicated this year.

Tickets prices: \$55 per adult dinner, \$5 per child hot dog dinner. Available on line at: www.GreenportRotary.net. This year's LobsterFest will have the addition of free raffle tickets to all adult diners and a chance to win \$1000, gold earrings, or two tickets to LobsterFest 2022. For additional information or help with ordering on line, call: George Marsich – (631)905-8194 or Roger Satnick – (631) 765-1061.

UPCOMING EXHIBIT: America in Print: Prints, Lithographs and Etchings from the SCHS Collection. In our Staas Gallery June 11-Sept. 25, 2021. Before the 1800s, art was largely reserved for the wealthy, but with the invention of lithography in 1796 – and particularly color lithography in 1837 - printers were able to mass-produce beautiful color prints that were cheap enough for anyone to buy. Suddenly, art was available to all and everyone could decorate their homes and offices with any of the thousands of images offered by such notable printers as Louis Prang, Napoleon Sarony, and Currier and Ives. Featuring themes of nineteenth-century life in landscapes, cityscapes, ships, racehorses, scenes from literature, politics, Civil War battle scenes, and rare examples of "lithographic Long Island," this exhibit captures the evolution of an American art form.

UPCOMING ART SHOW: Downtown Reflection Series: Reflection Photography by Carole J. Amodeo. In our Gish Gallery June 18 – July 31, 2021. This photography series is a visual delight, walking the viewer through a series of favorite Long Island downtowns, capturing not only the charm of the storefronts but also the bustle of activity as it appears reflected off of the stores' windowpanes. What results is a visual mirage of color and themes that dazzles the senses, taking in street scenes filled with reflected activity. This exhibit will also feature highlights of NYC reflections, which beautifully complement the theme.

INTERACTIVE EXHIBIT: What the #*!! Is THAT?: Ordinary Objects From Yesterday That Are Mysteries to Our Modern Eyes. In our Weathervane Gallery thru Sept. 11, 2021. The objects we use to get through an ordinary day have changed tremendously over time, so much so that many everyday items once used at work or at home by our grandparents (or great-grandparents) are now virtually unrecognizable. This exhibit showcases a selection of the most mysterious, interesting, and challenging objects from our collection to baffle, befuddle, and bemuse. Can you guess what they are? Bring your cellphone for an interactive experience! Exhibit curated by Richard Doctorow.

SILVERBROOK ART GLASS WORKS (1943-1976): In our History in the Hall display cases. For the first time in over 30 years our entire Silverbrook Collection is showcased in our museum! After fleeing their native Czechoslovakia in 1937 in fear of a Hitler invasion, the Kreutz brothers came to the United States as fifth-generation glass-blowers, settling in Suffolk County and establishing their glassworks company on Flanders Road in Riverhead. Unlike most other glassware manufactured by machinery at the time, the Kreutz brothers used the traditional centuries-old hand-blown glass techniques they had learned in their homeland.

OFF-SITE EXHIBITION: Suffolk County Pine Barrens Pictorial Exhibit. A display on loan from the SCHS provides an overview of the history of the Pine Barrens and the critical role this region plays in the protection of our precious groundwater. On display at the SCWA Education Center: 260 Motor Pkwy, Hauppauge. 631-292-6565 or EdCenterTours@SCWA.com.

ONGOING: Membership Drive! Membership Drive! Celebrating 135 years! Join the Suffolk County Historical Society and support local history preservation. Founded in 1886, SCHS is a non-profit organization that collects and preserves the rich history of Suffolk County. We operate a history museum, offer an expansive library and archives, and host a multitude of events, programs, and educational lectures and workshops. Our unique collection reflects more than three centuries of local history! Visit our website or call 631-727-2881 to become a member!
