

In the March 2022 Peconic Bay Shopper there are photos of the Greenport Movie Theater's destruction by the 1938 hurricane and what it looked like rebuilt. This photo shows the theater in 1916. The top line attraction in the posters is "Flower of No Man's Land" starring Viola Dane. Mayor John Kluge's garage is to the left of the building. Photo and info from our archives, courtesy of the late Southold Town Historian Antonia Booth.

Viola Dane was a top star, but like many silent screen stars, she could not make the transition to sound.

FAMILY HISTORY DAY SATURDAY JUNE 4

The Cutchogue-New Suffolk Historical Council will hold a Family History Day from 10am to 4pm on the Village Green in Cutchogue (RD June 5). The day is designed to be a fun way for families and children to learn about their local history. It's created around the 3rd New York Regiment, which will be reenacting drills & recreating an encampment from the Revolutionary War. This group is named and modeled after the regiment authorized on May 25, 1775, and comprised of men from Suffolk County. They will also be talking about our area's involvement in the Revolutionary War. There will be colonial cooking demonstrations with food cooked over an open flame from 18th-century recipes. See examples of colonial textile making, including spinning and weaving. Listen to a salty sea-dog sing sea shanties and colonial tunes. Meet Tee-Pee Ted and learn about the local Corchaug Indian tribe through hands-on teaching methods. The Cutchogue-New Suffolk Library will be providing colonial games, and we will be offering tours of all of our historic buildings on the Village Green. There will also be food and raffles, so bring the whole family and have fun while learning about your local history. We strongly encourage everyone to come in period costume to get into the spirit of the day! Suggested donation \$5. Channel your inner Outlander and come to our Family History Day. Celebrate our revolution as if you were there, without having to pass through those pesky stones!

GREENPORT ART & DESIGN EMPORIUM

SALE TO BENEFIT UKRAINIAN ORPHANAGE

When the war broke out in Ukraine in February, Walter de Groot, owner of Greenport Art & Design Emporium, knew what to do. He had purchased over 20 original oil painting canvases by well-known Ukrainian artists at an auction in England several years ago and framed them to sell at his emporium. But the war was a reason to do something worthwhile.

Walter, with one of his customers, Oleg Langbort, decided to support the orphanage Tikva Children's Home in Odessa, Ukraine. Mr. Langbort was born in Moscow and has family in both Russia and Ukraine.

The framed paintings are worth about \$30,000 in total, and 50% of any proceeds will be donated to the orphanage to care for the homeless and abandoned children.

Please stop in to see the work of these Ukrainian artists and possibly help support this cause.

Now – June 25, Beyond the Gates: Long Island’s Grand Estates of Yesteryear in our Gish Gallery. These estates are still appreciated today for their architectural beauty and grandeur. This 1930s aerial photography show includes some of the earliest glimpses of what was found beyond the gates...

Saturday, June 4, 1pm. Long Island Migrant Labor Camps: Dust for Blood with Mark A. Torres followed by a Book Sale & Signing. In the decades following World War II, thousands of migrant workers lured by promises of good wages and decent housing flocked to the eastern end of LI where they were often cheated out of pay and housed in deadly slum-like conditions. The author will discuss the dreadful history of these migrant camps from their inception after World War II, through their heyday in the 1960s, and culminating with their decline toward the end of the twentieth century. Mr. Torres will also discuss the heroic efforts of those who were critics of the camps and fought to improve the lives of migrant workers in Suffolk County. Members free; Non-Members \$8. Includes refreshments. Reservation Required: 631-727-2881 x100.

INVENTING CHILDHOOD: Victorian Era Toys, Games, and Dolls, and the Invention of the Modern Child. In our Weathervane Gallery. Children were viewed as mini-adults, and childhood a time for strict moral instruction, or work, or both. Changes in attitude came slowly, with the final great shift towards “modern childhood” blossoming in the Victorian era. Childhood finally became seen as a time of carefree innocence and fun! See dozens of Victorian Era childhood wonders from our collection – toys, dolls, card games, boardgames, puzzles. and more.

AMERICA IN PRINT: Prints, Lithographs, & Etchings from the SCHS Collection. In our Grand Staas Gallery. Before the 1800s, art was reserved for the wealthy, but with the invention of lithography in 1796 printers could mass-produce beautiful color prints cheap enough for anyone to buy. Suddenly, art was available to all from such printers as Louis Prang, Napoleon Sarony, and Currier & Ives. Featuring themes of nineteenth-century life and rare examples of “lithographic Long Island,” this exhibit captures the evolution of an American art form.

SILVERBROOK ART GLASS WORKS (1943-1976). In our History in the Hall display cases. After fleeing their native Czechoslovakia in 1937 in fear of a Hitler invasion, the Kreutz brothers came to the United States as fifth-generation glass-blowers, settling in Suffolk County and establishing their glassworks company on Flanders Road, Riverhead. The Kreutz brothers used the traditional centuries-old hand-blown glass techniques they had learned in their homeland. **SCHS Photo of the Week Series!** To subscribe to our free and popular historic photo-story series, visit our website or send an email request to librarian@schs-museum.org.
