The White Blossom House

...is a historic home in Southold, built in the 1830's, with multiple units and cottages that are seasonally rented by the day (minimum 2 nights) or by the week, month.

Mona Osmer has released a book telling the story about the journey converting the house to what it is today.

Mark and Mona Osmer are celebrating their 35 wedding anniversary this month. Both were born and raised locally, Mona from Greenport and Mark from Southold. They were married at Saint Agnes Church in Greenport on October 11, 1986. Their marriage and reception celebration were joined by many people from Greenport and Southold with 200 plus guests attending the reception at the Tolendal Inn, (now the Handy Pantry) in Mattituck.

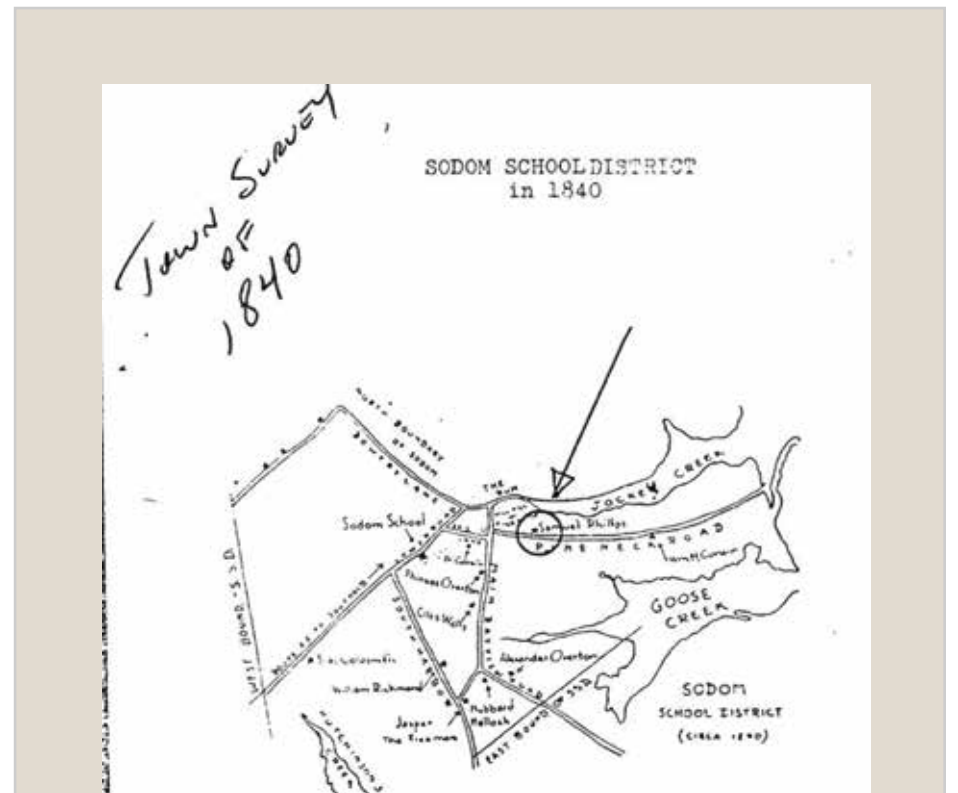

Two years earlier in October of 1984 Mark, who was a deck officer on oil tankers at the time, purchased the White Blossom House. The house which was constructed in the 1830's and converted to multiple units in 1929 was home to many local families in the 1950's and 60's as they started their lives and eventually built their own homes.

The couple shared a love of the North Fork and of working together on projects and the White Blossom House was the catalyst for both. The four 2 bedroom units were in very poor shape and required a significant amount of work. The family pitched in with Mark's dad (Coach Osmer of Southold) painting and Mona's dad (Alex Giorgi of Greenport) fixing plumbing and other repairs.

Today, after 37 years, the White Blossom House Inn has been completely updated with new windows, central AC, etc. and is a favorite for many of their repeat guests.

As part of the 35 year anniversary celebration, Mona has authored a book about their lives, adventures raising 3 children and their experiences with managing the Historic White Blossom House.

The book is available for purchase for \$10 at local locations including Academy Printing, Horton's Lane, Southold.

The following article is a transcript from the Southold Library Whitaker Collection:

Jockey Creek and the land on its southern border called Pine Neck have many happy recollections for old timers who grew up in the area around the 1880's. In severe winters there was good skating there, and one season the ice broke up on Washington's birthday, and a group of young skaters had difficulty getting ashore. Crabbing in summer was good sport. Pine Neck took its name from the handsome stand of pine trees that stood on the banks of Jockey Creek, at its head by the Main Road. It was the only grove of evergreens anywhere around, cool and shady in summer, warm in winter, with soft needles under foot. It was a delight to walk through, or linger in. Through the years wind and disease gradually lessened the trees until the Hurricane of September 21, 1938, took the last remains of the beloved pine grove. It belonged to Wels Phillips (then owner of the now White Blossom House) whose home was the first on the left as you turned on to Pine Neck from the Hog Neck Road (now Main Bayview Road). Mr. Phillips cleared part of the hillside of underbrush and made a very attractive picnic ground around which was used for some years for Sunday School Picnics, and similar occasion.

In 1910 the enterprising Mr Phillips built a Bowling Alley in the grove which proved popular for some ten years. The Peconic bowling Club was formed and the jolly group spent many happy evenings together. The membership included, from the north road Floyd Vail, Rob Fitz, Archie Smith, Jakey Hipp: from Peconic Lane Dr. Joe Case, George Prince, Rufus Morell, Frank Overton: from the South Road John Corey, Frank Youngs, Addison Baker, and John Howell.

After the Bowling Alley had its day (1929) Mr Phillips divided the land and building into three parts and they formed the basis for three little summer bungalows facing the creek, the beginning of the cottage colony facing the creek on both shores today.

HISTORICAL GRAVEYARD TOUR SATURDAY OCTOBER 16

As a cooperative effort, the Mattituck-Laurel Historical Society, the Mattituck Presbyterian Church's Graveyard Restoration Committee and the North Fork Community Theatre will host the third annual Mattituck Presbyterian Church Historical Graveyard Tour. It will be altered in a way to make it socially distanced and safe for all those who attend. The tour begins at the North Fork Community Theatre (12700 Old Sound Avenue, Mattituck) and goes through the graveyard where actors in period costume recount the life stories of historic figures who are buried in the graveyard. The tour will end at the Mattituck Presbyterian Church. The location and history of the church, the graveyard and the theatre lends itself to a tour such as this. Six "widow guides" dressed in Victorian mourning costumes will guide attendees from the theatre through the cemetery where the costumed actors will recount the lives of notable figures in Mattituck's history, including revolutionary and civil war veterans, architects, pastors and lawyers. It will also feature the story of the Wickham murders, the victims of which are buried at the gravesite. We have added a stop: Mary Reeve, a local woman from the 1700's who lost four of her infant children and tell the story of her life and family. Mary Kalich, a member of the board of directors of the theater will start the tour with a brief history of the theater and how it was once a church. Tours will start at 2pm and end at 5pm. Tour groups of a max of 15 people will be scheduled in 10 min intervals. **Tickets must be purchased in advance, no one will be admitted without an advance ticket.** Tickets are \$20/pp and are available at www.nfct.com or at 631-298-NFCT (6328). Rain Date: Oct. 17 from 10:30am-1:30pm (please note difference in times.) All proceeds equally benefit the three organizations that are hosting the tour. COMPLETELY OUTDOOR EVENT.

Some of the widow guides flank the Victorian undertaker before the tour. These are the widow guides that will walk guest through the tomb stones. The undertaker will give a brief talk on Victorian mourning customs toward the end of the tour. Photo credit: Mary Kalich

AMERICA IN PRINT: Prints, Lithographs, & Etchings from the SCHS Collection. In our Grand Staas Gallery. Before the 1800s, art was reserved for the wealthy, but with the invention of lithography in 1796, and particularly color lithography in 1837, printers were able to mass-produce beautiful color prints that were cheap enough for anyone to buy. Featuring themes of nineteenth-century life in landscapes, cityscapes, seascapes, and more, as well as rare examples of "lithographic Long Island," this exhibit captures the evolution of an American art form.

SILVERBROOK ART GLASS WORKS (1943-1976): In our History in the Hall display cases. After fleeing their native Czechoslovakia in 1937 in fear of a Hitler invasion, the Kreutz brothers came to the United States as fifth-generation glass-blowers, settling in Suffolk County and establishing their glassworks company on Flanders Road in Riverhead. Unlike most other glassware manufactured by machinery, the Kreutz brothers used the traditional centuries-old hand-blown glass techniques learned in their homeland.

OFF-SITE EXHIBITION: Suffolk County Pine Barrens Pictorial Exhibit. A standing display on loan from the Suffolk County Historical Society provides an overview of the history of the Pine Barrens and the critical role this region plays in the protection of Suffolk County's precious groundwater. On display at the Suffolk County Water Authority Education Center: 260 Motor Pkwy, Hauppauge. 631-292-6565 or EdCenterTours@SCWA.com.
