29 TOLL OF HURRICANE DEAD HERE

23 Bodies Recovered, Six are Still Missing

Deaths by the hurricane, most grim of reapers, took a heavy toll in Westhampton Beach when 29 people lost their lives, of which number six are still missing. From early that fateful Wednesday night until yesterday morning the waters one by one disclosed more victims of Nature's destructive fury when wind and sea are aroused. The first body to be recovered, that of Mrs. James L. Pinks, was taken to the Country Club, which became the Country Club, which became the make-shift morgue. There flashlights and candles gave an even more eerie atmosphere to the already gruesome scene as distraught relatives came in to identify the bodies. Through that night and battered bodies were brought in to await some one to claim them before the last rites could be performed.

The body found most recently was that of Robert Melvin, the colored bartender at the Surf and Dune Club. Mr. Melvin was 35 years old and made his residence at 530 Third Street, West Palm Beach, Fla. His remains were found floating in the Yacht Basin. On Wednesday three other bodies had been recovered, those of Miss Agnes Clelland, aged 65, maid of the MacParlanos, and Thomas Fay, Jr., MacParlanos, and Charles Lewis, Jr., of Quogue. Hopes are gone that any of those recorded as missing will turn up alive. It is feared that further bodies will be discovered underneath the wreckage and may be in unrecognizable condition. Further fears have been expressed that some of the victims of the catastrophe have been taken far out to sea and may never be recovered. In spite of the awful number of deaths there were many who would have been taken had not the valiance of rescuers and the calm actions on the part of the marooned chested families. Many are the stories of thrilling

MAJOR BISHOP RAISES WORKERS

Major Ernest H. Bishop told the Hampton Chronicle reporter that he is deeply grateful for the way all agencies have co-operated to expedite the relief work in the stricken areas of the village.

"All organizations have co-operated one hundred per cent in every way," said Mayor Bishop. "The WPA boys, the County Welfare Department, the Mosquito Commission and the county D. A.'s office have all spared no effort to return Westhampton Beach as quickly as possible to a normal state. County Sheriff Jacob E. Bryner and his office have been of inestimable aid."

"I want to express my appreciation especially to the volunteer Naval Reserve Radio Communications detail from Riverhead, composed of Messrs. Seiff and Stivers; Captain Gregory and Lieutenant Gray of Troop K, Hawthorne, N. Y., who are in command of the State Police here, and Captain Flynn, of Troop L, Babylon; Chief Boatwain Mate James Ketchum and all Coast Guardsmen, particularly Captain John Avery; Walter 'Frog' Chapman of the Suffolk Airport and his assistant pilots; Fire Chief Aubrey F. Jessup and his entire department of volunteer firemen; the local chapter of the American Red Cross under the direction of Mrs. Edward H. Stevens, local chairman; legionnaires, Veterans of Foreign Wars, volunteer firemen and police from all over Suffolk County; Hermon F. Bishop, Harry Tushill and Lee Deane; and the entire personnel of the Suffolk County Highway Department, the Civilian Committee, which

Hurricane Damage Here Two and a Half Million

VILLAGE BOARD ACTS PROMPTLY

The center of the tropical hurricane which pummeled the northeastern seaboard late on Wednesday, Sept. 23, struck the vulnerable Westhampton Beach resort section with all its fury about 3:00 P. M., and two hours later departed, leaving in its wake a terrible toll of dead and a sickening array of twisted wreckage, hammered by sea and wind, causing a total of property damage in this village conservatively estimated at two and a half million dollars. Forty per cent of the assessed valuation of the Village of Westhampton Beach is wiped out and about one-third of the assessed valuation of the school district will have to come off the tax roll.

The storm, which originated east-northeast of Puerto Rico, followed low-pressure areas up the coast and the center did not strike until it reached Long Island. The usual path of hurricanes was blocked by unusually high barometric pressure and the death-dealing syphon was forced inland. No warning was given to those in the Westhampton Beach and vicinity, the following resolutions were unanimously adopted, vote being polled, by the Board of Trustees:

RESOLUTION

That the following streets leading into the Village of Westhampton Beach be blocked and all people turned back:

- Mill Road at Depot Road, Lisee Road at Montauk Highway, Oak Street at Montauk Highway, Sunset Avenue at Montauk Highway, Bench Road at Montauk Highway, Aspatock Lane at Montauk Highway (also known as Aspatock Brook Road), Main Street at Quantack Bridge, Seaford Lane at Main Street, Beach Road at Main Street, Library Avenue at Mr. Street, Potunk Lane and roads as of Potunk Lane at Potunk Neck, Jeweet Avenue at Little Neck Drive, South Road at Onock Lane, Onock

A CONCERT IN THE BOXCAR SUNDAY, OCTOBER 9

Step back in history and join the Railroad Museum of Long Island for an afternoon of traditional American music from Boxcar #759 at Greenport RMLI, 440 - 4th Street, Greenport at 2pm. Admission is FREE, open to all ages.

When we speak of railroads on Long Island, we must speak of maritime history as well. From the LIRR's initial ignorance toward our North and South Shores - *everyone moved by ship in the early 1800's anyway* - to the Rail Road's dependence on ships to transit their passengers to Boston via Long Island Sound, to the LIRR's Navy of steam passenger ships, ferry boats, tugs and barges.

Max Rowland is a traditional American Music Historian and performer. He has a great number of American sea songs, traditional Long Island tunes, (from the mount and homan collections), and multiple railroad songs. Spend the afternoon with us and hear Max perform on fretless banjo, concertina, and button accordion. Info: Donald Fisher, 631-804-2430 / n2qhvrml@gmail.com

BEYOND THE GATES: LONG ISLAND'S GRAND ESTATES OF YESTERYEAR. In our Gish Gallery. From the Gilded Age to Great Gatsby's 1920s, recognizable names like the Vanderbilts, Roosevelts, Havemeyers, & Woolworths enjoyed their countryside vacation estates built across Long Island. Reminiscent of English country homes, these estates are still appreciated today for their architectural beauty & grandeur. This 1930s aerial photography show includes some of the earliest glimpses of what was beyond the gates....

AMERICA IN PRINT: Prints, Lithographs, & Etchings from the SCHS Collection. In our Grand Staas Gallery. Before the 1800s, art was reserved for the wealthy, but with the invention of lithography in 1796 printers could mass-produce beautiful color prints cheap enough for anyone to buy. Suddenly, art was available to all from such printers as Louis Prang, Napoleon Sarony, and Currier & Ives. Featuring themes of nineteenth-century life and rare examples of "lithographic Long Island," this exhibit captures the evolution of an American art form.

SILVERBROOK ART GLASS WORKS (1943-1976). In our History in the Hall display cases. After fleeing their native Czechoslovakia in 1937 in fear of a Hitler invasion, the Kreutz brothers came to the United States as fifth-generation glass-blowers, settling in Suffolk County and establishing their glassworks company on Flanders Road, Riverhead. The Kreutz brothers used the traditional centuries-old hand-blown glass techniques they had learned in their homeland.

OFF-SITE EXHIBITION: Suffolk County Pine Barrens Pictorial Exhibit providing an overview of the history of the Pine Barrens and the critical role this region plays in the protection of Suffolk County's precious groundwater. On display at the Suffolk County Water Authority Education Center: 260 Motor Pkwy, Hauppauge. 631-292-6565 or Ed-CenterTours@SCWA.com.
